### COURSES HOSTED BY RUMSEY IN PA, NJ & DE

#### POWERFLEX 750 SERIES MAINTENANCE & TROUBLESHOOTING

February 21 - 22 (2 days) RSVP by Jan 28

This skill-building course introduces concepts and techniques that will assist you in successfully maintaining and troubleshooting a PowerFlex 750-Series (PowerFlex 753 or PowerFlex 755) drives.

CCA183 | \$1,499

[Register](#)

#### STUDIO 5000 LOGIX DESIGNER LEVEL 2: CONTROLLOGIX MAINTENANCE & TROUBLESHOOTING

MARCH 19 - 22 (4 days) RSVP by MARCH 4

Learn to troubleshoot a previously operational ControlLogix system and restore normal operation. This course adds to your skill set by introducing new tasks such as connecting to a network, interpreting project execution, editing ladder logic online, and more.

CCP153 | \$2,200

[Register](#)

#### FACTORYTALK ASSETCENTRE SYSTEM DESIGN & IMPLEMENTATION

April 30 - May 2 (3 days) RSVP by Apr 6

Learn how to design a FactoryTalk AssetCentre system, install and configure the software, secure access to the control system, track users' actions, manage asset configuration files, provide backup and recovery of operating asset configurations.

FTAC | \$1,808

[Register](#)

#### ETHERNET/IP CONFIGURATION & TROUBLESHOOTING

May 21 - 23 (3 days) RSVP by Apr 26

This course should prepare you to effectively configure a Stratix® switch to meet a variety of network requirements, assign IP addresses to devices on an EtherNet/IP network, and monitor switch performance and status.

CCP183 | \$1,808

[Register](#)

#### POWERFLEX 750 SERIES CONFIGURATION & STARTUP

June 4 - 5 (2 days) RSVP by May 11

In this introductory course, learn to properly install the drive, start up the drive, and configure drive parameters to meet application-specific needs.

CCA182 | \$1,506

[Register](#)

#### FACTORYTALK VIEW SE PROGRAMMING

Sept 23 - 27 (4 days) RSVP by Aug 31

Learn how to configure alarms and security, trend data, and test your application using FactoryTalk View SE Client. You will also work with RSLinx® Enterprise communications software and the FactoryTalk Diagnostics system..

CCV207 | \$2,612
